- We will confirm the date / time of your skydive yahoo !!

**Established 1983**

**The Parachute School Registration Agreement**

Is parachuting dangerous? Like all outdoor sports, there is always some degree of inherent risk. However, the dangers of parachuting have decreased dramatically in recent years due to improvements in equipment and techniques. We employ rigorous safety procedures and extensive training so the risks are minimised at all times. However, we cannot eliminate all the risks so the possibility of injury or in extreme cases death must be considered.

The Parachute School reserves the right to change the venue, course content or to postpone instruction at its absolute discretion.

I accept that if I cancel my booking for any reason, the deposit and booking fee of \$95 will not be refunded due to its absorption into administrative costs. However, a credit may be given for my attendance at a later course if the office is notified 1 week (7 days) prior to the initial course date.

Gift Vouchers or pre-paid jumps are only valid for 6 months from the date of purchase  
Specials / Discounted Price Vouchers are valid for 3 months from date of purchase.

I accept that No Refund is applicable if my gift voucher or prepaid jump expires.

I have read, understand and accept the preceding statements in this Registration Agreement and I certify the information that has been given to Skydive Euroa and The Parachute School is true and correct. I now wish to enrol as a student for the Parachute Course I designate on this form
